Mission Focus:

Heifer International works around the world in 21 countries alongside local farmers and business owners. They support communities as they provide training to improve the quality and quantity of goods they produce, connections to markets, and increased sales and incomes. Values-based partnerships are created focusing on social, environmental and financial returns.

Giving an animal is like giving someone a small business, providing wool, milk, eggs and more. Animal donations can provide families a hand up, increasing access to medicine, school, food and a sustainable livelihood. As these businesses grow, they in turn help others by gifting animals to others in need. During the month of December, your donation to missions will be giving the life changing gift of dignity, stability, and generosity by supporting people through Heifer International.
